LIVESTOCK AUCTION SYSTEMS

New Online Buyer Recap System

Sale Time Systems has migrated to a new online buyer recap system. This system is web-based and allows buyers to access both historical and current purchases from anywhere in the world.

For new buyers, our system requires the following items:

- Buyer Number
- Full Name
- Email Address
- Password (this can be changed by the buyer at any time)

For buyers who have set up their account at this auction or another Sale Time Systems auction we only require the following information:

- Buyer Number
- Email Address

This information is best emailed to support@saletimesystems.com
