## LIVESTOCK AUCTION SYSTEMS

---

### New Online Buyer Recap System

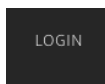

#### Buyer Login Instructions

To begin the Online Buyer Login Process please fill out an online buyer login request form and turn it in to the office staff at the auction barn. They will send that information to Sale Time Systems and we will get you enrolled in the online buyer login program.

The same buyer login can be used at any Sale Time Systems auction. however, each new auction needs to request you be added to see information from that auction by providing us with your email and buyer number you want associated with your account.

Once the auction receives an email saying the buyer has been added to the system you can access your online buyer information by following these steps:

1. From the home page of **saletimesystems.com** Click the login tab on the top menu bar.

2. Then enter the email and password that was chosen and click login.

Login

**E-Mail Address**

**Password**

☐ **Remember Me**

**→LOGIN**
